

**Assistant Professor in Chronic Disease Management
Tenure-track Appointment in the Department of Exercise Science
CONCORDIA UNIVERSITY
Faculty of Arts and Science**

The Department of Exercise Science at Concordia University in Montréal, Québec, invites applications for one tenure-track appointment concentrated in the area of Chronic Disease Management. The successful applicant will conduct research in the management of non-communicable chronic diseases, involving the use of one or more behavioural modalities, such as physical activity, diet and sleep management, as well as other lifestyle interventions. We anticipate the candidate will build upon the current research themes in the Department, for example in cardiovascular, respiratory, metabolic or brain health. The successful candidate will participate in interdisciplinary undergraduate and graduate education within the Department of Exercise Science. Applicants must have a Ph.D. degree and postdoctoral training, and should have demonstrated ability or potential to build a high-quality research program. The candidate will join a growing team of multi-disciplinary researchers in the Richard J. Renaud Science Complex, which houses the Science Departments and multiple research centres. The candidate will also have access to the newly-built PERFORM Centre, devoted to disease prevention. This Centre hosts multiple research platforms, such as Cardio-Pulmonary Evaluation and Training Suites, a Functional Assessment Lab, a Nutrition Suite, a Sleep Lab, and a Bio-Imaging Suite (including a 3-Tesla MRI, PET-CT, SPECT-CT, DXA, Ultrasound, high-density EEG and TMS). In addition, there is the potential to develop collaborations with clinical research centres within the Montreal area to enhance access to specific clinical populations.

Applications should consist of a cover letter, a statement of research interests, a statement of teaching philosophy and interests, evidence of teaching effectiveness, a current curriculum vitae, and copies of recent publications. Candidates should arrange for three letters of reference to be sent directly to:

Dr. Richard Courtemanche
Department of Exercise Science
Concordia University
7141 Sherbrooke St. West
Montreal, Qc. H4B 1R6
richard.courtemanche@concordia.ca
<http://excsci.concordia.ca>

The deadline for applications is January 15, 2016. This position is subject to budgetary approval and department/unit need. Individuals normally come in at the rank of Assistant Professor, beginning August 1, 2016. All inquiries should be directed to Richard Courtemanche (**richard.courtemanche@concordia.ca**). Review of applications will begin as they are received and will continue until the required position has been filled.

All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents of Canada will be given priority. Concordia University is committed to employment equity.
